Block size is 12 ½" unfinished

- Each block uses 4 quadrants of pieces A, B, C and D
- Print 4 of each template pages
- Remember you are working in mirror image
- Be sure to set your printer to 100% scale and 'actual size' NOT 'fit to page'
- Shorten the stitch length to 1.8mm, this makes the paper easier to tear off
- Backstitch at the starts and ends of each line to keep your fabric secure once you remove the paper
- Batch sew each section, then join sections for a quicker sewing
- Join the sections C+D+B to A
- Trim the block to 12 ½" when all quadrants are sewn together
