

# DESIGN N STITCH ALONG

*with Quilters Select*

## Simply Sew Modern

With this being the final block we will make for this quilt, you may think that all decisions have been made. I'm in production mode, cutting, sewing, assembling. All the focus points to the center (literally those flying geese are all pointing right at this last block!). I find myself asking.....What If?..... Do you do this too?

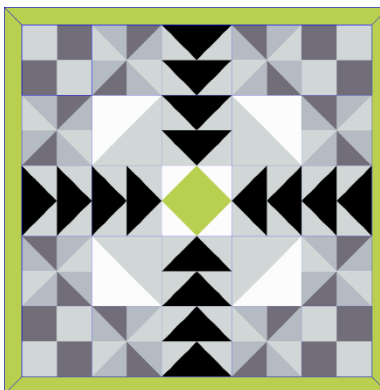

- What if I wanted more movement in the center?
- What if I don't like so much black?
- What if I want to highlight one special piece of fabric?
- What if I just want to be done?

*Designed by Ellen Schmidt*

*Figure 1 Pinwheels are constantly in motion*

*Figure 2 The Square In Square block brings light to the center while keeping focus*

*Figure 3 Fussy Cutting a single fabric is quick and easy*

The center block unit is 8 1/2" x 8 1/2" (8"x8" finished). Which block will you pick?
