Ruler Method HST

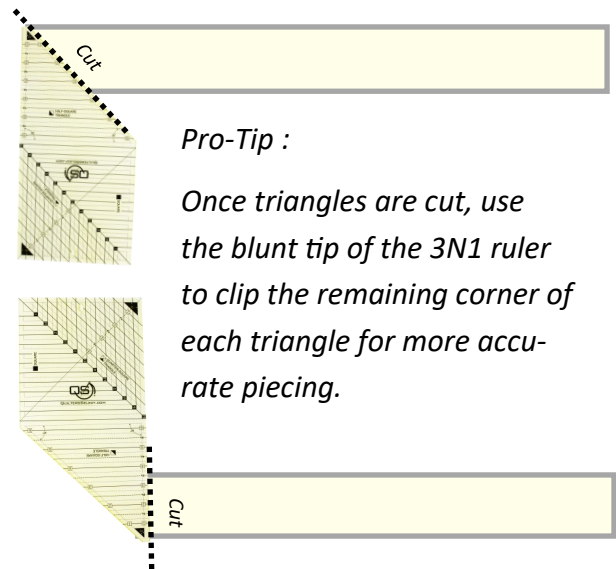

Pro-Tip: The Ruler Method is perfect when working with directional fabrics, small scraps and to minimize fabric waste associated with trimming to size.

Fabric (1): Cut (1) 2 1/2" strip x WOF

(note: depending upon the actual WOF a second short strip may be needed)

Fabrics (2-5) Cut (1 from each fabric) 2 1/2" x 15 " strip

- Straighten one short edge of Fabric (1). Position the blunt tip of the 3N1 Ruler along the top edge of the strip, trimmed short fabric edge aligned with the straight edge of the ruler, bottom of the strip at the 2 1/2" line. Cut.
- Rotate the ruler 180°, cut. Continue, cutting 16 triangles.

Pro-Tip :

Once triangles are cut, use the blunt tip of the 3N1 ruler to clip the remaining corner of each triangle for more accurate piecing.
