

## Bear Paw Workshop: Fussy Cut Toes

*Note: All unit counts are based on Classic Layout shown in Just the Facts. Adjust your count as necessary, dependent upon selected layout.*

*Instructions below based on 8 different fabrics/colors being used for the toes (as shown in the illustration) plus the background.*

*The Classic Layout requires 32 HST units from each of 8 fabrics/colors for a total of 256 HST. Adjust the number needed if adjusting the number of fabrics/colors (ie: 4 fabrics/colors = 64 HST of each needed)*

- Fussy Cut HST: Ruler Method

### Pro-Tips:

- Read through all instructions before beginning.
- Seam Allowance= 1/4"

### Working with Pre-Cuts

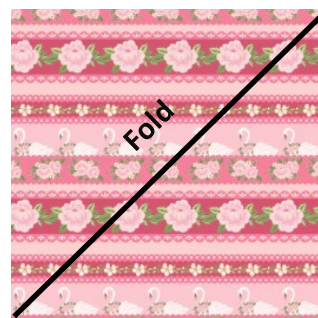

Continue making HST units with a goal of completing HST units this week (total of 256 for Classic Layout shown on Just the Facts handout.

### 2 at a Time HST

Fabric (7)	Cut (18)	3" x 3"
Fabric (8)	Cut (18)	3"x3"
Background Fabric	Cut (36)	3"x3"

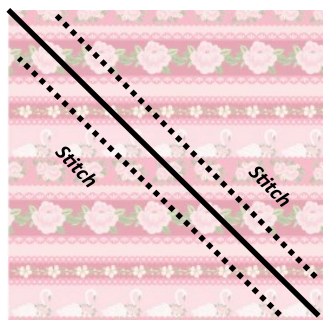

- Fold Fabric (7) squares in half to determine which half of the square is justified properly for the unit/unit location. For this layout & fold, the stripes will run parallel to the paw center.

*Note: For best visibility, use a fabric marking pen to draw a line on the wrong side of the fabric, over the fold line.*

- Position Background & Fabric (7) square right sides together. Stich 1/4" away on each side of the marked/fold line.
- Cut along the marked line.
- Press open and trim each unit to 2 1/2". Make 32.

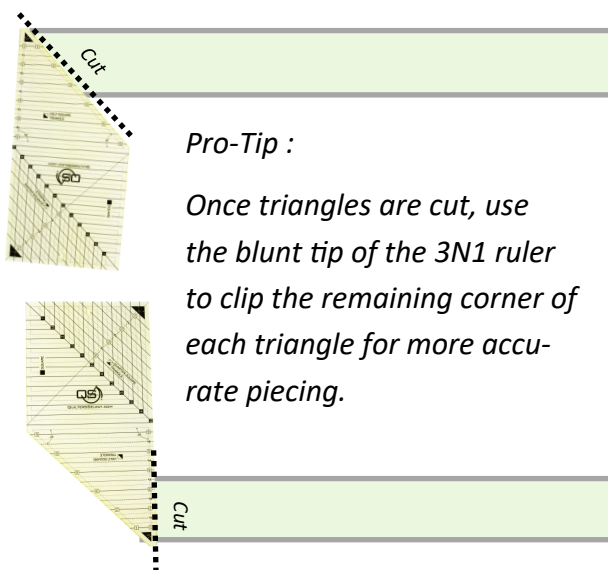

- Repeat for Fabric (8) & Background squares.

## Ruler Method

Fabric (7)	Cut (2)	2 1/2" x WOF
Fabric (8)	Cut (2)	2 1/2" x WOF
Background Fabric	Cut (4)	2 1/2" x WOF

- Align a Background and Fabric (7) strip, right sides together. Straighten one short edge . Position the blunt tip of the 3N1 Ruler along the top edge of the strip, trimmed short edge aligned with straight edge of ruler, bottom of the strip at the 2 1/2" line. Cut.
- Rotate the ruler 180°, cut. Continue, cutting the length of the strip.
- Repeat for all strips.

*Pro-tip: Placing a background with its companion fabric speeds up tconstruction as the units are aligned and ready to stitch.*
