

Quilt Along with QUILTERS SELECT®

Just the Facts: Leftovers.....Yum!

Let's make a fall quilt that celebrates the season *and* all those leftover fabrics.

Think warm pumpkin oranges, cozy golds, deep russets, spicy reds, and those moody blacks that make everything pop. Bring whatever scraps you've been saving — if it feels like fall, it belongs in this quilt.

Mix what you have, play with color, and stitch up something that feels like a crisp October day. Relaxed, creative, beginner-friendly — just a fun way to turn leftovers into something beautifully autumn.

Finished Size: Approx 32"x40" EXCLUDING borders
